# WELCOME

August 19, 2020

Dear Parents and Students,

The expectations for student at Eaton Middle School encompass: (1) succeeding as a learner and excelling academically, (2) building positive and effective relationships with fellow students, teachers, staff members, and administrators, (3) growing and maturing as an individual and demonstrating responsible and respectful behaviors that epitomize the qualities of good school citizenship.

The purpose of this handbook is to provide information to students and parents concerning rules, procedures, privileges, opportunities, and responsibilities related to being a student at Eaton Middle School. The material in this book is not all inclusive but does offer a good outline with regard to what students and parents need to know. If you have questions or concerns beyond the scope of this document please contact the school office for clarification.

# **I. GENERAL INFORMATION**

## **STATEMENT OF PHILOSOPHY EATON COMMUNITY SCHOOLS**

The Eaton Community School District shall establish high expectations for all students and staff. To achieve this goal, educators of the highest caliber will be sought to provide quality instruction to enable the District's students to reach their potential in basic skills, knowledge, responsibility, respect, values of a democratic society, and independent and critical thinking. Professional growth shall be encouraged in order to facilitate these expectations. All efforts will be accomplished in an atmosphere of mutual respect that fosters self-worth and develops a cooperative relationship among parents/guardians, community, and the school.

### **THE EAGLE RESPECT CODE**

We believe that every person has the right to learn and work in a comfortable environment. We expect a positive attitude and respectful behavior from everyone. Respectful behavior will be encouraged by:

1. Treating others as we want to be treated.
2. Not using put-downs and ridicule that negatively affect a person's self-esteem.
3. Accepting others' responses as ideas with open minds and polite attention.
4. Practicing common courtesy and friendliness at all times.
5. Being cooperative, attentive and supportive in class, in the halls, and at school functions.
6. Being supportive of one another in our efforts to be the best in academics, activities, and personal goals.

### **CLASS SCHEDULE**

7:30 a.m.	-	Instructional day begins
2:15 p.m.	-	Instructional day ends

The new modified schedule will have various bell schedules depending on grade level.

Students will have four (4) minutes between classes for room changes. If students are in the hallway during class time they must have a hall pass/agenda from the teacher who is responsible for them during this time. Classes end at 2:15 p.m. and buses will leave by 2:23 p.m. for dismissal. All students not involved in after school extra-curricular activities must leave the building by 2:30 p.m.

Teachers are not on duty until 7:00 a.m., parents/guardians are asked not to drop students off before that time.

### **ADDRESS OR PHONE NUMBER CHANGE**

Parents/guardians must notify the school immediately of address or phone number change. Unlisted phone numbers are kept confidential.

## **WITHDRAWING STUDENTS**

Parents/guardians are responsible for notifying the school of student withdrawal. Advance notice is necessary to prepare adequate records needed to enroll your student at his/her new school. A withdrawal form must be completed in the office, bills paid, and textbooks returned before a student's record is clear.

## **OPEN ENROLLMENT**

The Eaton Board of Education shall permit the enrollment of students from any Ohio school district in a school or program of this District, provided each enrollment is in accordance with laws and regulations of the State concerning Inter-district Open Enrollment, the provisions of policy 5113, and the administrative guidelines established to implement policy 5113.

The number of openings in a particular program for open enrollment students will be determined by optimum size for a particular program, classroom/school building, or grade level which is the number of students that can be accommodated without increasing District expenditures for staff or equipment.

Applications are available at the District Office or online at [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us). Applications will not be considered until June 1.

## **SCHOOL CLOSINGS**

The earliest news of closing or delays due to inclement weather or other emergencies will be broadcast on local TV stations. If Eaton Community Schools are not mentioned, please assume that school is in session. Closings/delays can also be found on the internet at [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us) and the district will issue information by way of the One Call Now system.

## **CALAMITY DAYS 1-5**

Students will not make-up the first 5 calamity days.

## **CALAMITY DAYS 6-8**

Eaton Community Schools will be assigning electronic lessons as a method for making up calamity days 6-8. These "eDay Lessons" will be linked to the district website and available by 9:00 a.m. on that day. The One Call Now system will alert students to the need to complete the electronic lessons. Lessons will be divided by building, grade level, or teacher. Students without internet access at home will receive the material or access time once they return to school. All students will have 2 weeks from when posted to complete the required assignments. Each assignment will be graded and included in the students' grades. Assignments will be used to record attendance on eDay 1, 2 and 3.

## **CALAMITY DAY 9 AND BEYOND**

Please note, all school closings may be made up by adding days to the school calendar.

## **EARLY DISMISSALS**

Early dismissals may occur for various reasons throughout the year. Please have an early dismissal plan for your student so that he/she understands what to do if there is no one at home. If plans differ from the normal routine, a written copy must be on file in the school office. Please plan ahead in order to avoid last minute confusion.

## **SCHOOL VISITORS**

The Board of Education welcomes and encourages visits to the school by parents/guardians and other adult residents of the district. The Board also has an obligation to ensure that school visitations are not disruptive

to the educational process and student achievement. It is necessary, then, to regulate school visits as follows:

Pursuant to Section 3313.20 of the Ohio Revised Code, all visitors to the building are required to report to the main office before contacting any student or staff members. Visitors are required to sign in and/or out as determined by the principal. All visitors must obtain a visitor's pass in the office.

The administration has authority to prevent entry into the school or to remove any person where there is sufficient and good reason to believe the presence of that person is not conducive to the preservation of the peace or the orderly operation of the school.

## **WEAPON OR DANGEROUS ORDNANCE**

Unless otherwise authorized by law, pursuant to Ohio Revised Code Section 2923.122, no person shall knowingly possess, have under the person's control, convey, or attempt to convey a deadly weapon or dangerous ordnance into a school safety zone.

## **SMOKING ON SCHOOL PREMISES**

Recognizing the health issues/risks associated with smoking and secondhand smoke, the Board of Education prohibits the use of all tobacco products including e-cigarettes 24 hours a day in all district-owned, leased, or contracted buildings, grounds, and vehicles.

## **CUSTODY RECORDS**

When any court has ruled on child custody, Ohio law requires parents/guardians to provide copies of the most recent custody orders to the school. Changes in address, phone numbers, or emergency numbers should be reported to the school immediately.

## **TAKING CARE OF YOUR STUDENT HANDBOOK**

This Student Handbook contains necessary and valuable information that each student may refer to on a daily basis. It is important that each student keep his/her handbook intact and in good condition. No pages (with the exception of signature page) should be removed from the handbook.

Students may be required to replace altered, defaced, destroyed and/or lost handbooks at cost. Each student is responsible for his/her own handbook. The cost is determined each year and a supply will be available in the school office.

## **DISTRICT WEBSITE**

The Eaton Community School District has its own web page. The address is: [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us)

# II. ACADEMIC GUIDELINES/PROCEDURES

## CODE OF ACADEMIC EXPECTATIONS

The following learning expectations have led to success for students who have followed them. Students who consistently violate the Code of Academic Expectations will be subject to disciplinary action for academic insubordination. Therefore, all students are expected to:

1. Attend school regularly and be on time for all classes. Success in school is directly related to good attendance.
2. Attend each class with all required materials (pencils, books, paper, etc.).
3. Cooperate with the teacher and respond positively to directions, instructions, educational information, classroom rules and expectations, as well as other important material being presented.
4. Be attentive, alert, and maintain a posture conducive to learning.
5. Appropriately, productively, and efficiently use all class time.
6. Complete all class work on time.
7. Complete and turn in all homework assignments on time.
8. Make productive use of study halls by using the time to complete homework assignments, prepare for tests, read ahead, skill improvement, or review the day's classroom assignments.
9. Seek help from the teacher when the student does not understand the concepts being presented and/or the assignment(s).
10. Maintain daily notes/notebook that accurately reflects the date and the learning activities that took place during class, if required by the teacher.
11. Maintain a daily academic planner which includes all assignments and assessments.
12. Do their part to make the school environment conducive to learning by:
  - a. Recognizing individual differences and demonstrating respect for self and others.
  - b. Avoiding "putdowns or cutting remarks" towards others.
  - c. Responding to others in an appropriate manner.

## TEXTBOOKS/WORKBOOKS, FEES, AND FINES

Textbooks/workbooks will be issued by the classroom teacher, who shall record the book number and condition of the book. The student is responsible for the care of the textbooks/workbooks. Replacement cost will be assessed for lost or unreturned books and minimal fines will be levied for any damage beyond normal wear. These fees are set by the Board of Education.

Fees for consumable materials are required of all students and are set by the Board of Education. Letters

regarding the amount of fees will be sent home with students. Students will not receive report cards until all fees are paid and overdue library books are returned.

## **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

The Family Educational Rights and Privacy Act (FERPA) provides parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. Parents/guardians or eligible students should submit to the school (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate or misleading. Parents/guardians or eligible students may ask the school to amend a record they believe is inaccurate or misleading. They should write the school principal (or appropriate official) and clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent/guardian or eligible student, the school will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605.

## **STUDENT PRIVACY AND PARENTAL ACCESS TO INFORMATION**

The Board of Education respects the privacy rights of parents and their children. No student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- political affiliations or beliefs of the student or his/her parents;
- mental or psychological problems of the student or his/her family;
- sex behavior or attitudes;
- illegal, anti-social, self-incriminating or demeaning behavior;
- critical appraisals of other individuals with whom respondents have close family relationships;
- legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- religious practices, affiliations, or beliefs of the student or his/her parents; or
- income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

The Superintendent shall require that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

Additionally, parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

The Superintendent is directed to provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the administration of any survey by a third party that contains one or more of the items described in A through H above are scheduled or expected to be scheduled.

For purposes of this policy, the term "parent" includes a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child).

## **CONFIDENTIALITY**

Ohio law strictly limits the disclosure of personally identifiable information about students in the public schools. An exception is made in the case of "directory information" which may be released without prior written consent unless the recipient is engaged in a profit-making activity or unless the parent/guardian has informed the school that any or all such directory information may be released only with prior written consent.

"Directory information" is defined to include the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, date of graduation, and awards received.

Also, records will be furnished upon request of any authorized institution for transfer students.

## **EQUAL EDUCATION OPPORTUNITY**

This District provides an Equal Educational Opportunity for all students. Any person who believes that he/she has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the School District's Compliance Officer(s):

Scott Couch  
Eaton High School Principal  
937-456-1141

Director of Exceptional Children's Services & School Psychology  
937-456-1107

Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity.

## **ACADEMIC INSUBORDINATION**

Students are expected to know, understand, and comply with all components of the Code of Academic Expectations. Repeated failure to comply with these responsibilities will result in a disciplinary referral being made to the appropriate administrator. Violations of the Code of Academic Expectations will be classified as Academic Insubordination.

Academic Insubordination means the student is knowingly failing to comply with the Code of Academic Expectations. Students failing to comply with the code are subject to the Student Code of Conduct and all applicable consequences.

## **ACADEMIC INTEGRITY/CHEATING**

The faculty has defined cheating as a student engaging in any of the following actions.

1. Representing someone else's work as yours
2. Copying or stealing work from another individual, having another individual do your work, or allowing another student to view or copy your work
3. Copying test answers from another individual or from a "cheat sheet"
4. Communicating to other students questions or answers to tests, quizzes, or assignments
5. Stealing or having unauthorized possession of teacher tests, computer files, or answer documents
6. Violating any policies with regards to copyright laws for hard copy and/or electronic materials

Students in violation of this regulation will receive zero credit for the assignments or work involved, parents/guardians will be notified, and the student may be referred to the appropriate administrator for disciplinary action beyond the zero credit.

## **ACADEMIC, ATTENDANCE AND IMPROVEMENT RECOGNITION**

The purpose of this program is to recognize students who are achieving high standards in academics and attendance. It is also designed to recognize students who are striving to improve. This program is an attempt to motivate all students to strive for excellence.

Students can earn cards each quarter for grades and behavior. They may be used for discounts to Eaton Middle or High School home events. The criteria for earning these cards are listed below.

Principal's List/Gold Card – Free admission: 4.0 GPA, no discipline referrals, no unexcused absences, no F's

Honor List/Purple Card – Half price admission: 3.25 – 3.99 GPA, no discipline referrals, no unexcused absences, no F's

Merit List/White Card – \$1 off admission price: 2.50 – 3.24 GPA, no discipline referrals, no unexcused absences, no F's

## **FINAL GRADE CALCULATION**

A student must earn 4 points in a yearlong course and 2 points in a semester course in order to earn a passing grade.

A student may fail a yearlong course if they earn an "F" during the 4<sup>th</sup> quarter, even if he/she has earned four or more points for the year. This failure can take place if the student's average is below 62%.

A student may fail a semester course if they earn an "F" during the second/fourth quarter even if he/she has earned two or more points for the semester. This failure can take place if the student's two-quarter average is below 62%.

When calculating a student's final grade to determine if the student earned 4 points (year course) or 2 points (semester course), the point values listed below will be used. A student's average percentage for a course will determine the student's final grade except when the student earns less than 4 points (year course) or 2 points (semester course).

## **GRADING SCALE**

The following Grading Scale will be used and reflected on the quarterly report card and the interim reports. Grade point averages and honor roll will continue to be based on a four (4) point scale

<b>Letter</b>	<b>Number</b>	<b>Honor Roll Points</b>
A	92 - 100	4.0
B+	88 - 91	3.5
B	82 - 87	3.0
C+	78 - 81	2.5
C	72 - 77	2.0
D+	68 - 71	1.5
D	62 - 67	1.0
F	0 - 61	

## **HONOR ROLL**

A student must have a grade point average of 3.5 and above to qualify for Honor Roll. Merit Roll will require a 3.0 to 3.49. To qualify for either Honor or Merit Roll a student can have no D's or F's.

## **PROGRESS BOOK**

All students and parents/guardians have on-line access to homework assignments and grades on the web via a web-based program called Progress Book. If for some reason the user name and/or password is lost or was not received, please notify the office and request this information.

If a student's teachers have not entered the homework assignment, please contact the appropriate teachers to arrange for homework pick-up when the student is absent more than two days.

If for some reason students are not able to access homework information from Progress Book, they are responsible to find their teachers upon their return to school.

## **COLLEGE CREDIT PLUS**

Ohio's new College Credit Plus can help students earn college and high school credits at the same time by taking college courses from college and/or universities. The purpose of this program is to promote rigorous academic pursuits and to provide a wide variety of options to college-ready students. Taking a College Credit Plus course from a public college or university is free, which means no cost for tuition, books, or fees. If students choose to attend a private college or university, they may have limited costs.

## **SPECIALIZED EDUCATION PROGRAM AND SERVICES**

### **INDIVIDUALS WITH DISABILITIES**

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the school's programs and facilities.

A student can access special education services through the proper evaluation procedures. The school offers a continuum of program options for students with special needs as outlined in their individualized education or 504 plans. Parent/guardian involvement in this procedure is important and required by Federal (IDEA) and State law. For more information concerning special education programs and services, contact the Director of Exceptional Children's Services and School Psychology at 456-1107.

### **GIFTED IDENTIFICATION**

"Gifted" means a student who performs or shows potential for performing at remarkably high levels of accomplishment when compared to others of his/her age, experience, or environment, and who is identified under the criteria established in the Ohio Revised Code.

Eaton Community Schools has procedures to identify gifted students in kindergarten through grade 12. Students are identified as gifted in one or more of four major categories: superior cognitive ability, specific academic ability, creative thinking ability, and visual and performing arts ability. Specific academic ability includes mathematics, science, social studies, and reading and/or writing.

Whole grade assessment is conducted for superior math and reading ability in grades 6-8 using the MAP testing. Identification in reading or math are accomplished when a student scores 95-99 percentile on the fall, winter or spring administration of the MAP tests, which have been approved by the Ohio Department of Education.

In addition to whole grade screening, students in grades 6-8 may be referred for gifted testing at any time. Referrals are accepted from parents/guardians, teachers, students (peer or self-referral), and members of the community who are well acquainted with the child's ability. Referral forms are available in the school office. These students are screened individually or in small groups according to the district testing plan. Eaton Community Schools also honors qualifying scores on approved tests administered within the last 24 months by a licensed school psychologist, or psychologist in private practice.

All assessments are selected and administered by qualified personnel, taking into account the diverse needs of all our students, and in conformance with the *Code of Fair Testing Practices in Education* (available upon request).

### **Eaton School Board Policy 2464 – Gifted Education and Identification**

The Board of Education shall ensure that procedures are established to identify all gifted students. The District follows the identification eligibility criteria as specified in Section 3324.03 of the Ohio Revised Code and the *Operating Standards for Identifying and Serving Gifted Students* as specified in the District Plan.

"Gifted" students perform or show potential for performing at remarkably high levels of accomplishment when compared to others of their age, experience, or environment. Annually, children who are gifted are identified by professionally qualified persons using a variety of assessment procedures. The Board encourages efforts to provide services for the children who are gifted as an integral part of the total kindergarten through grade 12 program.

The Superintendent shall identify children in grades kindergarten through twelve, who may be gifted in one or more of the following areas:

- A. Superior Cognitive Ability
- B. Specific Academic Ability in one or more of the following content areas:
  - 1. Mathematics
  - 2. Science
  - 3. Reading, writing, or a combination of these skills
  - 4. Social studies
- C. Creative Thinking Ability
- D. Visual or Performing Arts Ability such as drawing, painting, sculpting, music, dance, drama

Only those instruments approved by the Ohio Department of Education shall be used for screening, assessment, and identification of children who are gifted as provided in the Chart of Approved Gifted Identification/Screening Instruments. The District shall select instruments from the approved list that will allow for appropriate screening and identification of minority and disadvantaged students, students with disabilities, and students for whom English is a second language.

Scores on Ohio Department of Education approved assessment instruments provided by other school districts and trained personnel outside the School District shall be accepted.

The Board of Education shall adopt and the Superintendent shall submit to the Ohio Department of Education a plan for the screening, assessment, and identification of children who are gifted. Any revisions to the District plan will be submitted to the Ohio Department of Education for approval. The identification plan shall include the following:

- A. the criteria and methods used to screen and select children for further assessment who perform or show potential for performing at remarkably high levels of accomplishment in one of the gifted areas
- B. the sources of assessment data used to select children for further testing and an explanation to parents of the multiple assessment instruments required to identify children who are gifted
- C. an explanation for parents of the methods used to ensure equal access to screening and further assessment by all District children, culturally and linguistically diverse children, children from low socio-economic background, children with disabilities, and children for whom English is a second language
- D. the process of notifying parents regarding all policies and procedures concerning the screening, assessment, and identification of children who are gifted
- E. provision of an opportunity for parents to appeal any decision about the results of any screening procedure for assessment, the scheduling of children for assessment, or the placement of a student in any program or for receipt of services

## **MULTI-TIERED SYSTEM OF SUPPORTS**

The Multi-Tiered System of Supports (MTSS) is a framework that many schools use to provide targeted support to struggling students. It screens all kids and aims to address behavioral, social-emotional, and academic issues. Faculty meets on behalf of students needing assistance with “at-risk” issues. The process uses a collaborative problem solving approach to develop a tiered intervention plan for children experiencing difficulties. This plan is designed to address and close gaps in a timely manner for students to be successful in their education.

## **GUIDANCE AND COUNSELING SERVICES**

Students are encouraged to consult with the guidance counselors on any academic, vocational or personal problems. The guidance counselors are professional and will honor confidences whenever legally possible. Much information is available to those interested in higher education or training. Although guidance counselors are available for conferences during study halls, it is strongly suggested that appointments be made. Students may also confer with guidance counselors before or after school as well as during lunchtime.

## **IDENTIFYING CHILDREN WITH DISABILITIES**

Children ages 3 through 21 with disabilities may be eligible for special education services. A disability may include any of the following conditions: hearing impairments, physical impairments, speech or language impairments, visual impairments, other health impairments, cognitive disabilities, specific learning disabilities, multiple disabilities, autism, emotional disturbance, or traumatic brain injury.

If you have or know of a child who may have a disability, please contact the Director of Exceptional Children’s Services and School Psychology at 937-456-1107.

## **FLEX CREDIT**

Flex credit is credit earned outside the regular Eaton Middle School. Work such as PSEO, correspondence, independent study, testing out, and other options are included in the flex credit. See the guidance counselor for information and applications.

## **CURRICULUM**

The curriculum is designed to meet the requirements of the Eaton Community Schools District Board of Education and the State Department of Education.

## **ALTERNATIVE READING ASSIGNMENT POLICY**

Students will be required to read several novels for English classes during their middle school career. However there may be an occasion when a student/parent/guardian objects to an assigned novel based on personal beliefs. When objections occur the parent/guardian may request, in writing, an alternative reading assignment. The alternative assignment will attempt to meet the objectives of the original assignment, as closely as possible.

# III. ATTENDANCE

## STUDENT ATTENDANCE

Attendance is an important factor in successful schoolwork. It is in the best interest of each student to maintain regular school attendance. Ohio school law requires school attendance of every person between the ages of 6 and 18 years of age during each school day. Parents/guardians having care of a student of compulsory school age are responsible for that student's school attendance. This responsibility is satisfied by attendance at either a school or a special education program which meets the minimum standards prescribed by the State Board of Education. School attendance must begin within the first week of the school term. Students moving into the school district must begin school attendance within one (1) week after they begin to reside in the district.

Students who are frequently absent during the school year are jeopardizing their learning success and their potential graduation. In such situations the benefits of regular classroom instruction are lost and cannot be entirely regained, even through make-up work.

## NOTIFICATION OF ABSENCE

If a student is absent from school, parents/guardians must notify the attendance office by 8:00 a.m. and provide an explanation. Upon returning to school a written note shall be provided, within 5 school days, stating the date(s) and the reason for the absence.

## STUDENT ABSENCES AND EXCUSES

### EXCUSED ABSENCES:

Excused absences are defined as follows:

1. Personal Illness
2. Quarantine of the home
3. Medical, dental, or legal appointments
4. Death of a relative
5. Needed at home due to absence of parents or guardians
6. Observance of religious holidays
7. Emergency or set of circumstances which in the judgment of the principal constitutes a good and sufficient cause for absence.

### UNEXCUSED ABSENCES:

Unexcused absences are issued for those absences occurring for any reason not listed above and may be classified as truant. Any hours missed beyond the 62.5 (10 days) permitted by parental note will also be counted as unexcused, unless the reason is accompanied by a doctor's note.

**Step One:** When a student has the first unexcused absence, the principal/designee will contact the parents/guardians by official letter. The student may be assigned 1 Thursday extended detention.

**Step Two:** When a student has a second unexcused absence, the principal/designee may assign the student 2 Thursday extended detentions and contact the Preble County Attendance Officer regarding the attendance of the student.

**Step Three:** If a student has a third unexcused absence and beyond, the principal/designee will notify the attendance officer. The principal/designee will meet with the student and determine the appropriate consequence which may include but is not limited to multiple Thursday extended detention and/or in-school discipline.

# TRUANCY

Unexcused absence from school is not acceptable. A student will be considered habitually truant if the student is absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in a school month, or 72 hours or more in a school year.

## TRUANCY PROCEDURES

The following steps will be taken when a student meets any of the thresholds to be considered habitually truant.

**Step One:** The student will be assigned to an absence intervention team

**Step Two:** The parents/guardians/custodians will be notified and requested to attend a truancy intervention planning meeting

**Step Three:** The absence intervention team will meet with the student and parents/guardians/custodians to create a truancy intervention plan. The truancy intervention plan may consist of counseling for the student, requesting or requiring a parent/guardian/custodian to attend a truancy prevention mediation program, and/or notification to the Registrar of Motor Vehicles.

Once the truancy intervention plan is put in to place any further absences, without legitimate excuse, may result in the student being informally enrolled in the court's alternative to adjudication program.

On the 61<sup>st</sup> day after implementing the truancy intervention plan a complaint will be filed in juvenile court if:

1. The student was absent, without excuse, for 30 consecutive hours, 42 hours in a school month, or 72 days in a school year;
2. The school has made three meaningful attempts to reengage through the absence intervention plan and any offered alternative to adjudication; and
3. The student has refused to participate in or failed to make satisfactory progress on the plan, as determined by the absence intervention team, or any offered alternative adjudication.

## PARENTALLY EXCUSED ABSENCES PROCEDURES

**Step One:** When a student has accumulated **five** parentally excused absences during the course of the school year, the principal/designee will contact the parents/guardians via a letter. This letter will stress the importance of good attendance and ask if there is any way the school can be of assistance. The school will document this contact with the Preble County Attendance Officer.

The principal/designee will provide the following information to the Preble County Attendance Officer:

1. Attendance records indicating dates of excused absences
2. Dated copy of correspondence or other type of parental contact after the 5<sup>th</sup> day of absence
3. Biographical information

Step Two: When a student has accumulated ten parentally excused days of absences during the course of the school year, the principal/designee will contact the parents/guardians via a letter. The letter will explain the school's concern and that the threshold for parentally excused absences has been met.

## **1/2 DAY ABSENCE AND FULL DAY ABSENCE**

Students are considered 1/2 day absent when their absence from school exceeds one hour and 30 minutes, but is less than 3.5 hours.

Students are considered a full day absent if their absence exceeds 3.5 hours.

## **ATTENDANCE AT AFTER SCHOOL AND EVENING ACTIVITIES**

In order to attend or participate in after school or evening activities, a student must be in attendance a minimum 3/4 of the school day. Any valid exceptions must be approved in advance by the principal.

## **VACATIONS**

Vacations should be planned around the school calendar. When this is not possible, a note must be sent to the principal/designee for approval prior to the vacation.

The principal/designee may excuse such absence for a period not to exceed five school days. The Superintendent may excuse such an absence for any additional school days.

The absence shall be approved prior to the vacation for the vacation to be considered as an excused absence. All work that is due during the days the student is on vacation must be turned in the day the student returns to school. All vacation days that are pre-approved count as parentally excused and will not be counted towards attendance probation.

## **TARDINESS**

Tardiness occurs when the students are not in their assigned seat in their assigned class at the assigned time. Excessive tardiness will result in action being taken through the Student Conduct Code. A student is considered tardy to school when they arrive at their first class after the 7:30 a.m. bell and before 9:01 a.m. Students who arrive after 9:00 a.m. will be marked 1/2 day absent.

Ample passing time between classes is provided; therefore, students are not to be late for class. However, should a student arrive at school after the bell has rung the student is to report immediately to the attendance office for a tardy pass. If the reason for the pass is not acceptable, an illegal tardy pass will be issued.

### **Tardiness to school and/or class:**

1. A student may be assigned a Thursday extended detention for the 3<sup>rd</sup> tardy to class and/or school.
2. Continued tardiness may result in increased consequences which may include in-school discipline, loss of parking privileges, court referral, and/or out of school suspension. A referral will be sent to the Preble County Attendance Office.

### **Habitual Tardiness:**

When a student continually violates the tardy policy and accumulates six illegal tardies, in any nine week term, the student is considered to be habitually tardy. The tardy procedure for students with habitual tardiness is:

1. First term - tardy steps listed above.
2. Terms 2, 3, and 4 – One illegal tardy will result in a Thursday extended detention with further tardies resulting in increased consequences.
3. A student who is considered habitually tardy may be removed from this status by completing a term with no illegal tardiness.

## **LEAVING THE BUILDING**

Failure to sign in/out: First offense/second offense – Thursday extended detention. Multiple offenses may result in multiple Thursday extended detentions, in-school disciplines, and/or suspensions from school. The resulting absence may be recorded as unexcused/truant.

## **CLASS CUT**

A class cut is when a student misses a class or leaves early without permission. Thursday school will be assigned for each class cut and if the behavior persists, then a suspension will be issued.

## **HALL PASSES**

Any student in the hall during class time should have a pass from a teacher/supervisor. This pass should note the time dismissed, the destination, and be initialed by the issuing teacher/supervisor.

Note: Five minutes passing time is the standard and should be used in making judgments regarding excessive use of time.

## **MAKE-UP WORK SCHEDULE**

When a student is absent due to illness, and he/she wishes to receive assignments, please call the office by 10:00 a.m. The homework can be either picked up in the office between 3:00 p.m. and 3:30 p.m. or can be sent home with a sibling or a friend.

Students will have one day to make-up work for each day of absence.

# **IV. STUDENT CODE OF CONDUCT**

The Eaton Community Schools recognizes the right of each student to receive an education. It is further recognized that the primary responsibility of the Eaton Community School District and the professional staff is to provide all students access to equal educational opportunities and consideration under the rules and regulations governing student behavior.

It is the responsibility of each student, parent/guardian, and citizen to understand that the school is a community governed by rules and regulations. The major purpose of these rules and regulations is not punitive control but protection of the rights of those who wish to make full use of their educational opportunities.

Each individual enjoying the rights of education must accept the responsibilities of good citizenship and is expected to behave in a manner that will demonstrate pride in themselves, their family, their school, and their community. In order to achieve these goals, each student is expected to demonstrate behavior that would be considered responsible, respectful, ethical, and honest.

Students may forfeit their right to educational opportunities when their conduct is such that it disrupts the educational process, deprives others of their rights, or violates the law.

The Student Code of Conduct applies to all school premises; to all phases of school operation, including but not limited to, curricular and extra-curricular activities; all school authorized transportation; and at any school-sponsored activity.

## **CHAIN OF COMMAND**

Please follow the chain of command when trying to address problems, concerns and questions that may arise.

- 1<sup>st</sup> step – Teacher or Activity Advisor
- 2<sup>nd</sup> step – Principal
- 3<sup>rd</sup> step – Superintendent
- 4<sup>th</sup> step – Board of Education

## **ZERO TOLERANCE POLICY**

Students are expected to conduct themselves in such a way that they respect and consider the rights of others. Students must conform to school regulations and accept directions from authorized school personnel. The Board of Education has “zero tolerance” of violent, disruptive, or inappropriate behavior by its students.

A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations. The superintendent/designee develops regulations which establish strategies ranging from prevention to intervention to address student misbehavior.

Students and parents/guardians annually receive, at the beginning of the school year or upon entering during the year, written information on the rules and regulations to which they are subject while in school or participating in any school-related activity or event. The information includes the types of conduct which are subject to suspension or expulsion from school or other forms of disciplinary action. The Board of Education directs the administration to make all students aware of the Student Code of Conduct and the fact that any violations of the Student Code of Conduct are punishable.

If a student violates this policy or the Student Code of Conduct, school personnel, students, or parents/guardians should report the student to the appropriate principal. The administration cooperates in any

prosecution pursuant to the criminal laws of the State of Ohio and local ordinances.

The Student Code of Conduct is made available to students and parents/guardians and is posted in a central location within each building.

## **RULES AND CONSEQUENCES**

**RULE 1 - DISRUPTION OF SCHOOL:** A student shall not by use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, cause disruption or obstruction of the process or function of the school. Neither shall he/she urge other students to engage in such conduct. Examples of disruption could include, but would not be limited to, unusual dress or appearance, possession of pagers, electronic devices, cellular phones, radios/televisions, etc., setting off fire alarms, strikes or walkouts, congregating in high traffic areas and sitting in the hallways. Included in this prohibition are any substances represented as controlled substances and/or drug paraphernalia. (See Alcohol Use/Student Drug Abuse section of this handbook). Nothing in this policy or in the action of the school shall prevent the school or appropriate law enforcement officials from filing legal charges relating to drug or alcohol offenses.

The Board of Education has authorized the use of "Drug Sniffing Animals" specifically trained to detect the presence of drugs, for searches of all buildings and grounds in the school district. The principal/designee is authorized to administer a breathalyzer test to any student who is suspected of or shows evidence of consuming any alcoholic beverage while on school grounds or facilities, at school sponsored events, or in situations under the authority of the district, or in school owned or school approved vehicles.

**RULE 6 - TOBACCO:** No student shall be permitted to use or possess any type of tobacco product or paraphernalia; for example, but not limited to, cigarettes, e-cigarettes, vapor pens and accessories, cigars, snuff, chewing tobacco, matches, lighters, etc., on school property, school buses, or at any school-sponsored event or activity. **RULE 7 - FAILURE TO FOLLOW DIRECTIONS/INSUBORDINATION:** A student shall not fail to comply with the reasonable directions of teachers, student teachers, substitute teachers, aides, principals, or other authorized school personnel during any time when the student is under the authority of the school. Any action judged by school officials to involve misconduct and not specifically mentioned in other sections may be dealt with as insubordination. Violation of any minor rule, directive, or disciplinary procedure shall also constitute insubordination. Among the most common violations of this rule are failure to have proper materials for class and refusal to do prescribed classroom assignments. No student shall violate any State Statute or City Ordinance while under school authority.

Hazing, public display of affection, sexual misconduct, racial and/or sexual harassment would be examples of this type of behavior.

**RULE 12 - TRANSPORTATION RULES AND REGULATIONS:** All students are expected to abide by the rules of conduct for bus transportation. (See Bus Rules and Regulations in this handbook). These rules apply to regularly scheduled bus runs, extracurricular activities, and field trips. Student drivers shall abide by all rules established.

Consequences will be based upon the severity, nature, and frequency of the behavior. For serious offenses such as, but not limited to, weapons, drugs, alcohol or threats, administrative policy calls for a police report to be filed.

Students who are in possession of inappropriate items or items in violation of the Student Code of Conduct will turn the items over to a teacher or principal. Parents/guardians may pick up the item(s) at the end of the day when it is the student’s first offense. Parents/guardians may pick up the item(s) at the end of the year when it is the student’s second offense. Cell phones are not permitted during the school day without teacher permission. If used when not permitted the cell phone will be confiscated. Students may pick up the cell phone after the first offense. Parents/guardians will pick up the cell phone for second offenses. Repeated problems with cell phone use will result in additional disciplinary action.

## **STUDENT DRESS CODE**

The following regulations on dress and personal appearance are made to encourage students to develop habits of neatness, order, safety, and good taste. All students shall dress in a fashion so as to help the normal pattern of the educational atmosphere. Student dress should remain modest at all times and promote, not detract, from a learning atmosphere.

Hairstyles should promote and not detract from a learning atmosphere.

Footwear that protects the foot is recommended.

The responsibility of enforcing the dress code belongs to all students, parents/guardians and faculty members, as well as the administration. In questionable situations, the administration will decide what is acceptable and unacceptable dress and appearance.

If students have questions regarding appropriate dress and/or appearance, the student should check with the principal before wearing the clothing or displaying the appearance.

Failure to comply with the Student Dress Code will be considered a violation of the Student Code of Conduct and will result in consequences as listed under Potential Consequences as listed under Rules and Consequences in this handbook.

## **POSITIVE BEHAVIOR INTERVENTION AND SUPPORTS**

The Eaton Community School Board of Education is committed to the District-wide use of Positive Behavior Intervention and Supports ("PBIS") with students. PBIS emphasizes prevention of student behavior problems through the use of non-aversive techniques, which should greatly reduce, if not eliminate, the need to use restraint and/or seclusion. Additional information regarding this may be found in Board Policy 5630.01 – Positive Behavior Intervention and Supports and Limited Use of Restraint and Seclusion. All board policies may be viewed at [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us).

5. The student must carry an in-school discipline assignment sheet.
6. The student is responsible for getting class and homework assignments from his/her teachers prior to starting in-school discipline. Class work and homework is to be turned in to the teacher the first day back to class.
7. The student may not take magazines, newspapers, or novels to the in-school discipline room unless it has been assigned by a teacher.
8. Tests can be given on the first day back to class or while serving in the in-school discipline room if coordinated with the teacher in charge.

**OUT-OF-SCHOOL SUSPENSION**

If students are suspended out-of-school, they may make up assignments, tests and projects at full credit, provided the student completes and submits all required assignments. Students are responsible for getting the

missed work from their classmates or from the teacher. All make-up work must be completed and turned in no later than the end of the second day after students return to school.

If students are suspended out-of-school, they are not permitted to on school grounds, in the school building, or at any school activities, during the suspension period.

## **STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY**

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Education provides Technology Resources (as defined in Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, District Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The District's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of District Technology Resources by principles consistent with applicable local, State, and Federal laws, the District's educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of District Technology Resources and students' personal communication devices when they are connected to the District computer network, Internet connection, and/or online educational services/apps, or when used while the student is on Board-owned property or at a Board-sponsored activity (see Policy 5136).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using District Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the District's computer network and/or Internet connection).

First, the Board may not be able to technologically limit access, through its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access

to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using District Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or Director of Technology may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications
- B. the dangers inherent with the online disclosure of personally identifiable information
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students online, and
- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

Building principals are responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of District Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media, including in chat rooms and cyberbullying awareness and response. All users of District Technology Resources (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students will be assigned a school email account that they are required to utilize for all school-related electronic communications, including those to staff members, peers, and individuals and/or organizations outside the District with whom they are communicating for school-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their school-assigned email account when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students are responsible for good behavior when using District Technology Resources – i.e., behavior comparable to that expected of students when they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Students may only use District Technology Resources to access or use social media if it is done for educational purposes in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of District Technology Resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the Superintendent and Director of Technology as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to students' use of District Technology Resources.

## **STUDY HALL RULES**

1. This time should be used for quiet study and/or the completion of homework assignments.
2. Students should be in their assigned seats when the tardy bell rings.
3. Students should always bring schoolwork and proper school materials (pen/pencil, paper, textbooks, etc.).
4. Students should not talk without permission.
5. Students should not disturb other students.

10. When a student signs out to the library they are not allowed to go anywhere else.

11. No food or drink shall be taken from the cafeteria without permission.
12. Teacher permission may be required for students who wish to study together. This type of activity may be discontinued and/or disallowed in cases where student behavior does not meet the requirements of the study hall monitor.

## **LIBRARY RULES**

The library/media center is available for student use each day. Teachers may schedule their classes to use the library/media center. Students in the library/media center are expected to abide by the following rules:

1. Policies regarding behavior, dress, and language are the same in the library/media center as stated in the Student Handbook.
2. Students sent from Study Hall must go directly and quietly to the library/ media center to avoid being tardy on arrival. They are not to stop at their lockers or the restrooms on the way.
3. Food is NOT permitted in the library/media center.
4. Students who are disruptive in the library/media center will be assigned a certain seat or instructed to leave.
5. Library materials must be checked out at the circulation desk.
6. Current magazines and newspapers are located on the magazine rack and may not be taken out of the library/media center. Back issues may be borrowed as regular library materials.
7. Occasional talking must be kept to a whisper.
8. The library/media center should be a quiet, restful, and pleasant place to read and study.
9. Fees will be assessed for lost or damaged items.

## **PHONE USAGE POLICY**

While it is imperative for students to have access to telephones, it is also important to keep the phone lines free for school business. More importantly it is essential that students remain in the classroom, so they can learn.

Students may use the telephone located in the office (if granted permission) before school, between classes, at lunch, or after school until 3:15 p.m. If a student is late to class because he/she used the phone, he/she will be issued an illegal tardy.

Students are not permitted to use the telephone in the office during class time, unless given permission from office personnel.

If a student calls home due to an illness or emergency, office personnel must talk to the person who has been called. Cell phones and electronic devices are not to be on or used without teachers specific authorization, from 7:30 a.m. – 2:15 p.m. Consequences will be as follows:

- 1<sup>st</sup> Offense: A write up, the device is taken away (the student may pick it up at the end of the day in the office), and the student may be assigned a Thursday extended detention.
- 2<sup>nd</sup> Offense: A write up, the device is taken away and a parent/guardian must pick it up at their earliest convenience. The student may be assigned a Thursday extended detention and may be no longer permitted to bring the device to school.
- Further Offenses: A write up, the device is taken away, the student is disciplined for insubordination, and is subject to further discipline.

## **PERSONAL COMMUNICATION DEVICES**

Personal Communication Devices (PCD) can be a useful tool in the educational process. “Personal Communication Device” includes computers, tablets, electronic readers, cell phones, and any other web-enabled devices of any type. Possession and/or use of PCDs by a student while at school is a privilege that may be forfeited by any student who fails to abide by the terms of the Student Handbook.

Except as authorized by a school staff member, students are prohibited from using PCDs during the school day to capture, record and/or transmit the words or sounds and/or images of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Using a PCD to gain or attempt to gain access to another PCD with or without consent is strictly prohibited. In addition to the POTENTIAL CONSEQUENCES of the Student Code of Conduct, students who violate this provision may have their PCD confiscated and held until the end of the school day or a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file. If the violation involves potentially illegal activity the confiscated PCD may be turned over to law enforcement.

## **STUDENT PERSONAL PROPERTY**

Student’s personal items (book bag, coat, etc.) should include the student’s name for easy identification. Students should not bring expensive or electronic items to school from home. The school is not responsible for any items that are lost or broken.

## **LOCKERS**

Each student is assigned a locker for the storing of hats, books, coats, and other school necessities. The student is to use his/her assigned locker only and is responsible for the care and cleaning of the locker. Using a locker, other than the one assigned, may result in discipline. Students are encouraged to keep lockers locked, not to tamper with another locker, or give lock combinations to another person. In the event that a locker cannot be locked due to repairs needed, the student assigned to that locker should report repairs needed to the office immediately. Students are responsible for all property issued or assigned and will be expected to make restitution for any loss or damage to this school property. Students shall never leave anything of considerable value in the locker. Leave it in the office. Lockers are school property and the administration has the right to control, inspect, and search lockers and the contents of the lockers at any time, on a random or total basis.

Book bags may be used to transport books and supplies to and from school; however, they must then be stored in the student’s locker during the school day.

## **SEARCH AND SEIZURE – PERSON AND/OR PROPERTY**

School authorities are charged with the responsibility of safeguarding the safety and well-being of students in their care. In the discharge of that responsibility, school authorities may search a student's person or the property of a student when not contained in a locker, with or without the student's consent. This includes cell phones and vehicles parked on school property at any time. The search can take place whenever the school authority believes they have reasonable grounds to suspect the search may discover evidence of a violation of law or of school rules.

To help ensure the safety of all students, staff, and visitors, video surveillance is used at all times on school property. The video cameras will be used to monitor student behavior and may be used as evidence in student disciplinary proceedings. The video tapes are student records subject to school district confidentiality, board policy, and administrative regulations. They shall be used in accordance with the provisions of the law and board policy.

## **AUTOMOBILES**

Motor vehicles driven by students and parked on school property are subject to random searches at any time without regard to whether there is reasonable suspicion that any motor vehicle or its contents contain evidence of a violation of law or a school rule. The random searches authorized by this policy include, but are not limited to, random searches by drug sniffing dogs.

## **DRUG SEARCHES**

The Board of Education has authorized the use of "Drug Sniffing Animals," specifically trained to detect the presence of drugs, for searches of all buildings and grounds in the school district.

## **ALCOHOL USE/STUDENT DRUG ABUSE**

The Board of Education recognizes its share of the responsibility for the health, welfare, and safety of the students who attend the District's schools. The Board is concerned about the problems of alcohol, narcotic drugs, depressants, or other controlled substances that are wrong, harmful, and constitute a hazard to the positive development of all students.

The Board of Education will not permit any student to possess, transmit, conceal, consume, show evidence of having consumed, used, or offer for sale any alcoholic beverages, illegal drugs, non-prescribed drugs, look-alike drugs or any mind-altering substance while on school grounds or facilities, at school sponsored events or in other situations under the authority of the District or in school-owned or school-approved vehicles. Included in this prohibition are any substances represented as a controlled substance, non-alcoholic beers, steroids, tobacco products, and drug paraphernalia. The odor of any such substances on the student is sufficient evidence under this policy.

1. A student is required to obey existing laws on school grounds and while involved in school activities. School authorities have the same responsibility as any other citizen to report violations of the law. The final disposition of any problem, however, will be determined by the principal with due consideration of the welfare of the student and any other relevant factors involved.
2. Discipline will be imposed independent of court action. Students will be subject to immediate suspension or expulsion proceedings for possession or use of illegal drugs or alcoholic beverages.
3. Parents/guardians and students will be given a copy of the standards of conduct, the statement of disciplinary sanctions, and will be notified that compliance with the standards of conduct is mandatory.

4. If conditions warrant, the administration will refer the student for prosecution and offer full cooperation in a criminal investigation.
5. A reduction in penalty may be considered if the student receives professional assistance. Professional assistance may include, but is not limited to, an alcohol or drug education program, assessment with follow through based on the assessment findings, counseling, outpatient treatment or inpatient treatment.

The Superintendent will establish and the Board of Education will consider for approval detailed procedures for dealing with students who may have a drug or alcohol problem. Information will be available about any drug and alcohol counseling, rehabilitation, and re-entry programs for students. These procedures will be in compliance with all applicable laws and observed by all staff members. It is the desire of the Board of Education for students with problems to feel secure enough to ask for help from teachers or guidance counselors without fear of reprisal. This means that confidentiality shall be maintained within the limits of the law and the long-range welfare of the student will be considered paramount.

## **HOUSE BILL 204**

Loss of Driver's License - In accordance with Substitute House Bill 204, the Ohio Bureau of Motor Vehicles will be notified when a student is suspended for one or more of the following reasons:

1. The student is a child of compulsory school age and has withdrawn from school for a reason other than a change in residence and is not enrolled in and attending an approved program to obtain a diploma or its equivalent.
2. The Board of Education has adopted a resolution providing the Ohio Revised Code 3321.13 (B) (2) applies within the district, the student is a child of compulsory school age and has been absent without legitimate excuse for more than ten consecutive school days or at least fifteen total school days.
3. The student is suspended or expelled from school pursuant to Ohio Revised Code and the reason for the suspension or expulsion is the use or possession of alcohol, a drug of abuse, or alcohol and/or a drug of abuse.

# V. HEALTH AND SAFETY

## SCHOOL HEALTH PROGRAM

The School Health Program coordinated by the school nurse provides for the total well-being of each student through the following activities:

1. Identification of students with health problems through specific screening programs such as vision and hearing.
2. Control of contagious and nuisance diseases by:
  - a. the enforcement of immunization requirements
  - b. student exclusion from school attendance
  - c. informing and educating when outbreaks occur
3. Promotion of school attendance regulations through home visits and/or school counseling of the chronically ill.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Schools alone, however, cannot develop in students healthy behaviors and habits with regard to eating and exercise. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

In accordance with Board Policy 8510, the Superintendent shall appoint a District-wide Wellness Committee that includes parents, students, representatives of the school food authority, educational staff (including physical education teachers), school health professionals, members of the public, and school administrators to oversee development, implementation, evaluation and periodic update of the wellness policy. The committee will focus on developing goals to enable students to establish good health and nutrition habits through nutrition education, physical education, and physical activity. The Wellness Committee shall be an ad hoc committee with members recruited and appointed annually.

The Wellness Committee shall be responsible for:

1. assessment of the current school environment;
2. review of the District's Wellness policy;
3. presentation of the Wellness policy to the Board for approval;
4. measurement of the implementation of the policy; and
5. recommendation for the revision of the policy, is necessary.

At least once every three (3) years, the district shall assess the Wellness Policy on the extent to which schools in the district are in compliance with the district policy, the extent to which the District Policy compares to model wellness policies, and the progress made in attaining the goals of the District Wellness Policy.

## **EMERGENCY MEDICAL FORMS**

According to the Ohio Revised Code, it is required that each student have an "**Emergency Medical Authorization Form**" on file in the school office to assist in the contacting of parents/guardians and/or to authorize emergency treatment by designated licensed physicians at designated hospitals. Please include all medical information regarding your child, such as health conditions, allergies, and current medications.

These forms will be sent home with the students in the first day packet at the beginning of the school year. Parents/guardians are responsible for notifying the school office of changes in contact information or other pertinent information.

**EMERGENCY MEDICAL FORMS ARE TO BE ON FILE BY THE END OF THE FIRST WEEK OF SCHOOL.**

## **HEALTH SERVICES**

The school health clinic is available to all students who become ill or injured while attending school. Students will be given a clinic pass or signed agenda to report to the clinic where they will be checked by a health aide or the district nurse. Only immediate and necessary first aid is given to a student who becomes injured or ill in school.

The Eaton Emergency Squad may be contacted, in conjunction with efforts to contact the student's parents/guardians, for assistance in any accident or injury.

Depending upon the extent of illness or injury, the student will be given first aid, sent back to class, kept in the clinic for a rest period, or sent home.

If the illness necessitates a call to the student's parent/guardian, the call will be made by a clinic or office employee. Students shall not text or make the call themselves on a cell phone, from a classroom, or office phone.

All ill/injured students need to be signed out in the office if picked up by a parent/guardian or authorized person.

In the event no one can be reached, school personnel will use their best judgment to provide assistance to the student. For example, students with high fevers or vomiting will not be permitted to ride the bus home. The student will remain at school until parent/guardian contact is made.

## **DISPENSING MEDICATION**

The Eaton Community School District encourages the dispensing of medication to students while at home.

Ohio Senate Bill 262 mandates that schools may dispense medication only when the approved form has been completed by the student's physician and signed by the parent/guardian each school year and is on file in the school office. A copy of this form is included in the first day packet. This form is also available for printing from the district website [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us). For the purpose of this policy, it does not include sunscreen. Students are responsible for applying their own sunscreen.

All medication must be received in the original container with the student's name and current directions for administration clearly visible.

The parent/guardian agrees to submit a revised statement signed by the physician who prescribed the medication if any of the information provided changes.

Medication is kept in the clinic and administered only by the school nurse or designated personnel in accordance with the physician's instructions. This law includes prescription and over-the-counter medication. Per Ohio Revised Code, **only authorized** students with the appropriate physician forms on file are permitted to carry and self-administer an inhaler or EpiPen. **Students are not permitted to carry or self-administer any other medication.**

Students are not permitted to deliver medications to school. A parent/guardian or designee is to bring medication to the health clinic or office.

## **COMMUNICABLE DISEASES**

Parents/guardians are asked to assist in the control of communicable disease by keeping students home when ill and by reporting any contagious condition to the school. Parents/guardians are requested to follow their physician's advice concerning the student's return to school following such illnesses or conditions.

Any student suspected or reported to have a communicable disease may be examined by the district nurse/designee and upon their recommendation may be excluded from school.

Exclusion from and re-admission to school of students with suspected communicable diseases shall be determined by using Ohio Department of Health Communicable Disease Chart, a copy of which is available in each school or by physician's statement.

### **Pediculosis (Head Lice)**

Whenever a student is found to be positive with head lice, his/her parent/guardian will be notified of the finding and requested to pick the child up immediately. Additionally, the student will be told of the findings and reassured that it is a very treatable condition and nothing to be ashamed of. The student will also be educated in the transmission of lice and told not to share combs, hats, etc. with others.

When the parent picks up his/her child, the parent will be informed that the student needs to be treated before s/he returns and the parent will need to complete Form 8451 F3 before the student is readmitted. The student will be permitted to return to school after it is confirmed that the child is free of any evidence of live active lice.

The other students in the positive student's classroom and the student's sibling(s) may be examined for evidence of either the lice or lice eggs (nits). The examination should be done by the school nurse or designee.

The proper way to confirm the presence of lice is to find actual lice in the child's hair. Transmission of lice most often occurs by direct contact with the head of another infested child as lice do not jump or fly. Indirect contact can include personal belongings of positive child (combs, brushes, hats, pillows, and bedding).

Only children and family members who have head lice should be treated. If parents are unsure if a child has lice, the hair should be combed with a lice comb to see if lice are present.

Procedure for treatment and follow-up:

1. If head lice are confirmed at school, the actions described above may be taken.
2. Parents need to notify the school health staff if they discover lice at home. They should notify parents of their child's close friends.
3. The school health staff is readily available to discuss treatment and follow-up of head lice.

4. A class letter may be sent home for confirmed cases of head lice.
5. Parents are to treat the child with a lice-removal product at home, following exact directions. They also are to treat the home environment by vacuuming, and washing bed linens, clothing, brushes, and sports helmets.
6. The student may return to school after treatment and if no live active lice are found in the hair. When the student returns, s/he is checked by the health services staff.
7. Parents need to continue to check for eggs (nits) and lice by combing the hair daily. If eggs and live lice are still present after a week, a second lice-removal treatment should be done. Parents should check for nits and comb their child's hair until no lice are found for two (2) weeks.
8. Parents should continuously observe their children for signs of head lice - scratching, redness at the nape of the neck, and nits attached to the hair shaft, mostly behind the ears and at the base of the neck.
9. If unsure, parents are encouraged to check with their pediatrician for any recommended treatment. The health services staff will check any student for lice by parent request.
10. If more information is needed, please refer to the Centers for Disease Control website: [www.cdc.gov](http://www.cdc.gov).

### Screening

Screenings may occur periodically based on reported cases of head lice infestations in a class, grade, or building. The following individuals may be responsible for conducting the screenings: Preble County General Health District; school nurse; and health staff.

### School Attendance

- a. Students excluded from school for head lice will be subject to the following attendance procedures.
  - i. A maximum of three (3) days per occurrence.
  - ii. A maximum of three (3) occurrences per year.
  - iii. A cumulative total of nine (9) days of excused absences.
  - iv. After nine (9) days of absence, days missed will be unexcused.
  - v. On second occurrence, or five (5) consecutive days absent, attendance officer will be notified.

# IMMUNIZATIONS

All students, upon their enrollment in the Eaton Community School District, must comply with the minimum immunization statutes as set forth by the State of Ohio. Students who have not received the minimum number of immunizations may enter Eaton Community Schools only if they have received at least one dose of each required vaccine. They must finish the series as soon as the scheduled intervals between doses permit. Failure to do so is reason to exclude your student from school. Exceptions are granted if parents/guardians have on file in the appropriate office a waiver stating their objection of this policy section. Other exceptions may be granted on the advice of a qualified physician.

## **ASBESTOS MANAGEMENT PLAN**

On October 22, 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The law required the EPA to develop regulations which provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. This law requires school districts to inspect for friable and non-friable asbestos in school buildings, develop Management Plans that address asbestos hazards in school buildings, and implement response actions in a timely fashion.

One of the requirements of this law is to annually notify parents, teachers, staff, and support groups of the availability and location of the school building's Management Plan. The Management Plan for each school is located in the Main Office along with a duplicate copy located in the Designated Person/Program Manager's Office. Also, please be advised that information regarding any inspections/re-inspections, surveillances, response actions, and post-response action activities are also included in the Management Plan and available for your review.

Rodney Mann is the Designated Person/Program Manager for the Eaton Community School District. Accordingly, should you have any questions regarding this Management Plan, or wish to see this plan, please contact Rodney Mann at 937/456-5481 or e-mail him at [rmann@eaton.k12.oh.us](mailto:rmann@eaton.k12.oh.us). ## **SUSPECTED CHILD ABUSE**

According to Ohio law, persons whose duties bring them into contact with children are expressly required to report immediately instances of suspected child abuse or neglect. Some of those persons are teachers, school employees, and school administrators. Failure to report is a fourth-degree misdemeanor.

## **STAY SAFE SPEAK UP/STUDENT HELPLINE**

Stay Safe Speak Up is a 24-hour anonymous tip line. Callers can leave a message and school officials will respond. All students must be encouraged to relay information directly to school staff or to use the helpline. The helpline is 1-866-547-8362, and reporting can also be completed on line at [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us), click on Stay Safe Speak Up in the quick link section.

## **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business, or activities occurring off school property that substantially disrupt the operations of the school.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion

for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy [5517](#) - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

## **Complaints**

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

## **Privacy/Confidentiality**

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

## **Reporting Requirement**

At least semi-annually, the Superintendent shall provide to the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

## **Immunity**

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

## **Notification**

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

## **Education and Training**

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy [8462](#), the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

R.C. 3313.666, 3313.667  
State Board of Education Model Policy (2007)

## **Non-Disciplinary Interventions**

When verified acts of harassment, intimidation or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation, or bullying, its prohibition, and their duty to avoid any conduct that could be considered harassing, intimidating, or bullying.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

## **Disciplinary Interventions**

When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.

Expulsion may be imposed in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

# VI. ADDITIONAL SERVICES

## LUNCH RULES

Students are not permitted to “order” food from outside sources and have it delivered at lunchtime or any other time of the school day. Students who choose to violate this rule will have the food confiscated at their own cost and will be referred to the principal for disciplinary consequences as a violation of Rule #7 under the Student Code of Conduct.

**No food or drink is to be consumed outside the cafeteria during breakfast and lunch, unless permission is given by a teacher.**

## SCHOOL MEALS

Food and drinks are only allowed in the cafeteria, and only during breakfast and lunch hours. Breakfast will be served from 7:00 a.m. – 7:20 a.m.

### **FREE AND REDUCED PRICE MEALS PROGRAM:**

Students who qualify for free/reduced price lunches will qualify for a free/reduced price breakfast. Students who were approved under this program during the previous school year will continue to receive benefits for the first thirty (30) days school. New applications must be completed prior to that date to determine if your student is eligible to receive benefits for the remainder of the 2020-2021 school year. Online applications for free and reduced lunch can be found at [www.eaton.k12.oh.us](http://www.eaton.k12.oh.us), by selecting Lunch Program > Free and Reduced Lunch Application. ### **SPECIAL DIETARY NEEDS:**

If a student has been determined by a doctor to have a condition that would prevent the student from eating the regular school meal, the school will make substitutions prescribed by the doctor. The doctor must provide this information to the school, in writing. If a substitution is needed, there will be no extra charge for the meal. If a student needs substitutions because of a handicapping condition, please contact the cafeteria manager at the school.

## LUNCH ACCOUNT POLICY

Each student will have a lunch account. Money may be deposited into this account as frequently as needed. A student will use his/her student ID to access the money to purchase a lunch. There are no loans given from Food Service. This means that students are to have money either in hand or on their account when going through the lunch line. Parents will need to send a check or cash to school with their child to cover any delinquencies in the student’s lunch account. Students will provide the money to the cashier.

At any time, students may purchase snacks if they bring money in-hand and no lunch money is currently owed. However, if your child has a negative balance on his/her lunch account, he/she will not be able to purchase snacks until such negative balance has been paid. Parents/guardians may replenish the money in a student’s account by visiting the [www.payforit.net](http://www.payforit.net) website.

In the event of a family emergency, which requires a change in transportation, a parent/guardian must call the Transportation Department at 937-456-4330 for approval.

## **VIDEO CAMERAS ON TRANSPORTATION VEHICLES**

The Board of Education, as a part of the district's ongoing program to improve student discipline and ensure the health, welfare, and safety of all those riding school transportation vehicles shall utilize video cameras on school vehicles transporting students to and from curricular and extra-curricular activities.

The video cameras will be used to monitor student behavior and may be used as evidence in student disciplinary proceedings. The video tapes are student records subject to school district confidentiality, board policy, and administrative regulations. They shall be used in accordance with the provisions of the law and board policy.

## **NONDISCRIMINATION**

The Board's policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, citizenship status, religion, gender, ancestry, economic status, age or disability.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation by whatever means, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual. Employees or students who engage in discrimination of another employee or student shall be subject to disciplinary action.

Permission, consent or assumption of risk by an individual subjected to discrimination does not lessen the prohibition contained in this policy. No one shall retaliate against an employee or student because he/she files a grievance; assists or participate in an investigation, proceeding or hearing regarding the charge of discrimination of an individual; or because he/she has opposed language or conduct that violates this policy. (Adoption date: June 1, 2003)

### **NONDISCRIMINATION ON THE BASIS OF GENDER**

The U.S. Department of Education has published regulations for implementing Title IX of the Education Amendments of 1972, which prohibits sex discrimination in federally assisted education programs.

Title IX states, in part: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any education program or activity receiving federal financial assistance."

The Board ensures compliance with Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964 and the regulations promulgated through the U.S. Department of Education. (Adoption date: June 1, 2003). Title IX regulations also require that educational programs receiving federal funds publish a statement indicating that they do not discriminate on the basis of gender in the education programs or activities they operate. The district statement is as follows:

*The Eaton Community School District does not discriminate on the basis of gender in admission to or employment in its education programs or activities. Inquiries to the district concerning the application of Title IX and its implementing regulations may be referred to the Title IX Coordinator or to the Office for Civil Rights of the United States Department of Education. The district's Title IX Coordinator is Miss Anne Imhoff, 306 Eaton Lewisburg Road, Eaton, OH 45320. Telephone, 937-456-1107.*

# **VII. CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES**

## **EATON COMMUNITY SCHOOLS CO-CURRICULAR AND EXTRA-CURRICULAR DISCIPLINE POLICY**

The Board of Education and administration recognize that both co-curricular and extra-curricular activities are a valuable part of the student’s total educational experience. It is important to remember, however, that membership in these activities is a privilege, and student participants will have higher levels of behavioral expectations placed upon them. Participants in co/extra-curricular activities serve as representatives of the school and community, and they are expected to serve as role models in the areas of leadership, character, and dependability. The following rules apply to all participants in co/extra-curricular activities in grades 7-12.

Any allegation of an infraction of the Co/Extra-Curricular Activities Code of Conduct shall be referred to the administrator or designee. The administrator will determine if an infraction has occurred. If it is determined that an infraction has occurred, the participant, the participant’s parents/guardians (if the participant is under the age of 18), and the participant’s coach will be notified.

## **STUDENT PARTICIPATION IN CO-CURRICULAR/EXTRA-CURRICULAR ACTIVITIES**

The Board of Education hereby directs the administration to regulate the academic eligibility of students that participate in co-curricular/extra-curricular activities in the Eaton Community School District. This policy does NOT apply to any activity or program in the District’s graded course of study.

The Eaton Board of Education hereby adopts the Ohio High School Athletic Association’s rules for all other eligibility and participation regulations regarding interscholastic athletic programs, not otherwise regulated by this or any other policy the Board of Education or the Eaton Community Schools’ Student Handbook.

2. Exemplary attendance is expected of participants at all times. A student who is not in school for a minimum of three-fourths (3/4) of the scheduled school day may not be permitted to participate in any group/team activity. Any exceptions to this rule require the permission of the administrator/designee.
3. With prior approval by the principal/designee, as may be appropriate, additional standards and rules may be established in writing by the activity advisor/coach and become effective when given to the participant. The standards or rules shall be a part of the Co/Extra-Curricular Activities Code of Conduct for the activity.
4. Participants denied participation for a limited period of time may be eligible for an award.

5. Any participant who quits or is released for disciplinary reasons may not participate in another sport during that season. This includes any organized conditioning programs or open gyms/facilities.
6. If the season ends before the duration of an assigned suspension, the remainder of the suspension will be carried into the next season in which the student chooses to participate.
7. Reasonable accommodations may be made for the participant to train in preparation for the next season. The accommodation granted will be at the discretion of the administrator or designee in agreement with the advisor/coach.

## **TRANSPORTATION**

Squad members must travel to and come from all athletic games or scrimmages in buses or vans when provided by the school district. Violation of this policy may mean immediate dismissal from the team. If an unusual situation arises, a parent/guardian may transport their son/daughter to and/or from the contest. In such a case, the parent/guardian must submit **THE ALTERNATE TRANSPORTATION FORM** in advance to the coach who will forward it to the athletic director or administrator.

The school does not provide medical insurance for the athletes. Parents/guardians must provide all medical coverage and be responsible for any and all medical bills incurred as a result of any injury.

The Ohio High School Athletic Association does provide limited catastrophic accidental insurance that covers some medical expenses not covered by other insurance. The insurance covers the period within one year of the date of injury. The Ohio High School Athletic Association insurance has a \$25,000 deductible and a maximum benefit of \$250,000. Coverage under this policy is provided automatically when a student is a member of an athletic squad.

Acts of unacceptable conduct include, but are not limited to theft, vandalism, disrespect, violation of school/class rules, and violation of laws (excluding traffic violations), and unsportsmanlike conduct. Consequences levied will be consistent with the nature of the offense and may include suspension from participation from all co/extra-curricular activities for a period of up to one year.
2. A student under a disciplinary out-of-school suspension, expulsion, or exclusion will not be eligible to participate and/or attend (in any manner) any co/extra-curricular activities during the suspension or expulsion.
3. Use or possession of alcoholic beverages, tobacco products, e-cigarettes, vapor pens and accessories, cigars, snuff, chewing tobacco, illegal drugs, or any controlled substance not specifically prescribed by a physician is expressly forbidden. \* Prior to reinstatement, the student must also agree to complete any educational class/counseling program as recommended by the ODADAS certified counselor related to correcting the behavior that caused the suspension and show evidence of having scheduled the program sessions. Failure to complete such agreed class or counseling within one calendar year shall itself be considered a violation of the Co/Extra-Curricular Activities Code of Conduct.

Any number of suspended games, contests and/or events not fulfilled by the current season will be carried over into the next co/extra-curricular activity in which the student participates (for the entire season).

Consequences for second offense for the use or possession of alcoholic beverages, tobacco products, illegal drugs, or any controlled substance not specifically prescribed by a physician:

  - b. Prior to reinstatement, the student must agree to complete any educational class/counseling program as recommended by the ODADAS certified counselor related to correcting the behavior that caused the suspension and show evidence of having scheduled the program sessions. Failure to complete such agreed class or counseling within one calendar year may itself be considered a violation of the Co/Extra-Curricular Activities Code of Conduct .

## **REINSTATEMENT PROCEDURE FOR FIRST AND SECOND OFFENSES**

After a first or second suspension occurs, a student must submit a written request for probationary reinstatement to the administrator or designee. Before reinstatement, the student must have complied with reinstatement requirements as noted. The reinstatement decisions will be made by the building administration and the decision is final.

Any reinstatement, if granted, is probationary and can be rescinded at any time during the period of the initial suspension. The reinstatement will be revoked if the student does not make timely progress toward completing any remaining requirements for probationary reinstatement or for any action considered derogatory to the school system, its students, employees, and/or programs. Revocation shall be at the sole discretion of the administrator and the decision will be final.

Consequences for third offense for use or possession of alcoholic beverages, tobacco products, illegal drugs, or any controlled substance not specifically prescribed by a physician:

The participant will be suspended from participating in all co/extra-curricular activities for the remainder of the student's career at Eaton Community Schools. Parents/guardians/participant may request a reevaluation of the case after eighteen full calendar months of suspension.

NOTE: Student "self-referrals" are encouraged and should be directed to the administrator/designee. If the self-referral takes place prior to an investigation, involving that student and others involved, consideration will be given to the student's willingness to cooperate.

## **SPORTSMANSHIP, ETHICS, AND INTEGRITY IN CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES**

The Board of Education recognizes the value of extracurricular activities in the educational process and the values that young people develop when they have the opportunity to participate in an organized activity outside of the traditional classroom.

Participants and responsible adults involved in Board of Education approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The Board of Education further encourages the development and promotion of sportsmanship, ethics, and integrity in all phases of the education process and in all segments of the community, including administrators, participants, adult supervisors, parents/guardians, fans, spirit groups, and support/booster groups.

### **EJECTION FOR UNSPORTSMANLIKE CONDUCT STUDENTS**

Any player ejected or disqualified for unsporting conduct or flagrant foul shall be ineligible for all contests for the remainder of that day. In addition, the player shall be ineligible for all contests at all levels in that sport until two regular season/tournament contests (one in football) are played at the same level as the ejection or disqualification.

A student under suspension may not sit on the team bench, enter the locker room, or be affiliated with the team in any way traveling to, during, or after the contest(s).

When ejection or disqualification of a player results from illegal substitution in baseball, softball, or basketball, the two contest suspension does not apply.

If the ejection or disqualification occurs in the last contest of the season, the student shall be ineligible for the same period of time as stated above in the next sport in which the student participates.

A student who is ejected or disqualified a second time shall be suspended for the remainder of the season in that sport. A student who has been ejected or disqualified for unsporting conduct, for the second time in the season during the last contest, shall be ineligible for a period of time/number of contests subject to the discretion of the Commissioner. The period of ineligibility shall commence during the next sport in which the student participates.

This regulation shall apply to all regular season and tournament contests and shall in no way limit the discretionary authority of the Commissioner as specified in the OHSAA tournament regulations. In accordance with OHSAA Bylaw 8-3-1, the decisions of contest officials are final.

Note: When national playing rules refer to a disqualification for unsporting conduct or a flagrant violation, this is considered an ejection as referenced in this regulation.
